TWELVE SEPARATE RACES

FOR 2-YEAR-OLDS IN 2008, 3-YEAR-OLDS IN 2009, AND OPEN AND MARE RACES FOR TROTTERS AND PACERS IN 2010.

OWNED AND SERVICED BY: The Hambletonian Society, Inc.

FOR: Eligible foals of 2006 (subject to U.S.T.A. foaling date rules) whose sires were nominated to this Breeders Crown No. 22 and are eligible, or who are made eligible, in accordance with the conditions below and the conditions to be published in the year of the specific races. These foals will be eligible to 2-year-old races in 2008, 3-year-old races in 2009 and open races in 2010 and thereafter, in accordance with the conditions of those specific races.

TO BE RACED AS: Twelve races in Breeders Crown No. 22. Separate colt (including geldings) and filly races for 2-year-old and 3-year-old trotters and pacers. Fillies not eligible to the colt races except as provided below. Four separate open races in 2010: Breeders Crown Trot and Breeders Crown Pace (open to 3-year-olds & older, regardless of sex) and Breeders Crown Mare Trot and Breeders Crown Mare Pace (open to fillies & mares, 3-year-olds & older).

TO BE RACED AT: Races to be held at the host track ("Track") or the tracks to which they are awarded by The Hambletonian Society ("Society"). Dates and locations will be published in the U.S.T.A. Stakes Guide in the year of the races. If for any reason it becomes impractical or undesirable in the opinion of the Society to hold any one or more of these races at the track designated, the Society reserves the right to change the date and/or location of either any or all races.

CANCELLATION: The Society further reserves the right to cancel either one or more of the races if for reasons beyond its control it becomes impractical or undesirable in the opinion of the Society to conduct said race or races. If an event is not raced due to circumstances beyond its control, the Society's responsibility and liability will be limited to refunding without interest nomination, sustaining (including future eligibility payments) and starting fees collected toward canceled events that have not been disbursed at the time of cancellation. These monies will be prorated among the owners of the horses eligible as of the time of cancellation.

For purposes of these conditions, stallion nomination fees for Breeders Crown No. 22 will be disbursed in 2005 Breeders Crown races as determined by the Society. In the circumstance of cancellation of any or all Breeders Crown events in 2005, stallion nomination fees shall not be refunded.

Refunds of yearling nominations, supplemental nomination fees, sustaining payments, supplemental declaration fees and starting fees shall be paid to the registered owner(s) of the eligible horses at the time of cancellation. These monies will be prorated among the owners of the horses still eligible as of the time of cancellation.

PURSE: It is estimated that the purses will be no less than \$300,000 with the exception of the Mare Trot and Mare Pace which will be no less than \$250,000. The Society, however, reserves the right to scale back the prescribed minimum estimated purses.

If the Tracks add any money to the 2005 Breeders Crown purses, the Hambletonian Society reserves the right to deduct an equal amount from the Breeders Crown No. 22 stallion nomination fees, for administrative, promotional and television production expenses.

Additionally the Hambletonian Society reserves the right to deduct up to 10 percent (%) of the Breeders Crown No. 22 stallion nomination fees to fund promotional expenses.

Except as provided herein, under no circumstances will stallion nomination fees be refunded.

PAYMENT DISTRIBUTION: All final heats in the Breeders Crown No. 22 will be raced for an estimated amount that is no less than the sum total of the sustaining payments plus the amount of the starting fees less the purses of the elimination heats if necessary.

Purses for Breeders Crown No. 22 for foals of 2006 to race as 2-year-olds in 2008 will consist of the 2008 sustaining payments and all of the starting fees that will be credited to the specific races. The Society may add purse monies, if necessary, from stallion nomination and other nomination fees received for Breeders Crown in 2008 and in prior years to fund purses as determined by the Society.

Purses for Breeders Crown No. 22 to race as 4-year-olds (and for other eligible horses) in 2010 will consist of sustaining payments, starting fees and at least 50% of the supplemental declaration fees that will be credited to the specific races. The Society may add purse monies, if necessary, from stallion nomination and other nomination fees received for Breeders Crown in 2010 and in prior years to fund purses as determined by the Society.

IMAGE WAIVER: As a condition of participation in the Breeders Crown No. 20, the Owner(s) of the nominated horse(s) hereby grants to the Society, its representatives, successors, and assigns the absolute right to copyright and publish, use or reuse still and motion photographic images of its horses, drivers, trainers, employees, officers and agents, in whole or in part, in composite or in distorted character, with or without use of names, in color or otherwise, for the purpose of promotion, advertising, trade or other lawful purpose in any and all media. Owner(s) waives any right to inspect and/or approve the finished product or the copy that may be used in connection therewith or the use to which it might be applied. Owner(s) further agrees to inform his drivers, trainers, employees, officers and agents of the authority granted to the Society herein, to hold Society harmless from any and all liability and damages, and to indemnify the Society from same should any such owner(s), driver(s), trainer(s), employee(s), officer(s) and agent(s) challenge Society's rights as set forth above.

TESTING WAIVER AND CONSENT: As a further condition of participation in the Breeders Crown ("Race"), which is a private event owned by the Hambletonian Society ("Society"), the Owner ("Owner"), which includes all beneficial owners at the time of the nominated horse ("Horse") which has been declared (*i.e.* entered) to start in the Race hereby grant to the Society, its representatives, employees and agents, including a licensed veterinarian designated by the Society, and assigns the absolute right and authority to:

- 1.) Conduct one or more physical examinations of the Horse at any time prior to the Race, regardless of where it is stabled;
- 2.) Draw blood and other specimens one or more times from the Horse for immediate testing;
- 3.) Freeze or otherwise preserve split-samples of the specimens for future testing and send such samples to a laboratory designated by the Society and;
- 4.) Require, at the sole discretion of the Society, the Horse to stable on the grounds of the racetrack ("Track") where the Race is being contested or other designated premises for a reasonable period of time prior to the Race which will be specified by the Society.

After declaration and until the day of the Race, the detection in the Horse of evidence of blood doping agents including, but not limited to, the following: human recombinant erythropoietin, darbepoietin, Aranesp®, Oxyglobin®, or Hemopure®, shall be considered a violation of these conditions and will result in scratching or disqualification of the Horse from the Race and forfeiture by the Owner of the Starting Fee, whether or not actually paid but which is due at the time of declaration:

Note: The Hambletonian Society may interpret "evidence of blood doping agents" to include elevated titers of anti-recombinant antibodies of these agents.

If such evidence is detected after the Eliminations and before the Final of the Race, this shall result in the disqualification of the Horse in the official result of the Elimination, the loss of the purse, if any, and the immediate return of any forfeited purse funds to the Society for redistribution and the Horse will not be allowed to start in the Final. If the evidence is detected after the Final of the Race but prior the distribution of the purse of the Final, this shall be considered a violation of these conditions and will result in the disqualification of the Horse in the official results of the Elimination and the Final, the loss of the purse, if any, and the immediate return of any forfeited purse funds earned in the Elimination to the Society for redistribution.

If any such evidence is detected in future testing of the split-sample taken from the Horse, it shall be considered a violation of these conditions and will result in the disqualification of the Horse, the loss of the purse, if any, and shall require immediate return of any forfeited purse funds to the Society for redistribution.

Should the Society determine that, as a result of any of the above procedures or otherwise, a possible violation of New Jersey Racing Commission ("NJRC") Rules, including but not limited to rules concerning prohibited substances and/or procedures has occurred, the matter will be referred to the NJRC for possible additional action.

The Owner agrees to fully co-operate with the Society to require that his trainer, employees or agents identify and make the Horse available to have blood drawn or procure other specimens on demand and/or be examined as described above without prior notice. The Owner understands and agrees that failure to provide access to the Horse or otherwise not cooperating with the Society, its representatives, employees and agents, including a licensed veterinarian designated by the Society, in the exercise of the rights granted herein, may result in scratching the Horse from the Race and forfeiture of the Starting Fee. The Owner further agrees to notify his drivers, trainers, veterinarians, employees, officers and agents of the authority granted to the Society herein, to hold the Society and the Track harmless and indemnify the Society, the NJSEA and the Track, its representatives, agents, officers, directors and employees from any and all claims, liability, damages and attorneys fees which may result from any challenge by any such Owner, drivers, trainers, veterinarians, employees, officers and agents or other third parties to the Society's rights as set forth above.

In the event of a post-Race disqualification and redistribution of purse funds paid out, the Owner also agrees to indemnify the Society, the NJSEA and the Track, their representatives, officers, directors, employees, and agents from any and all claims, liability, damages, expenses and attorneys fees which any of them may incur in attempting to recover the funds from the Owner, trainer and driver and to redistribute said funds. The owners, trainers and drivers of these horses which are due these funds under the disqualification also agree that the Society, the NJSEA and the Track have no liability for any delay in the recovery or transmission of the funds.

RACING CONDITIONS: All heats to be raced one dash at one mile. None of these events shall be held in divisions.

If the number of horses declared into any race is large enough to require more than one (1) trailing horse in the second tier, an elimination, or eliminations, will be held for that race to "qualify" only enough horses that can be accommodated by the number of positions in the front tier of the starting gate and there will be no second tier in the final heat. If the number entered is less, there will be no eliminations necessary. Eliminations, if necessary, will race for a minimum purse of \$25,000 each. Such elimination races will be held in accordance with U.S.T.A. Rule 13, except as provided below.

One Elimination: If an elimination is required because more than eleven (11), but less than fourteen (14) are entered, there will be a single elimination to "qualify" only enough horses that can be accommodated by the number of positions in the front tier of the starting gate as follows:

- a.) In the Open Trot and Open Pace, the invited winners of the designated foreign "classic" races, and/or other horses from outside North America invited by the Society as permitted herein, that are declared, shall automatically advance to the Final regardless of earnings. If eliminations are required and one or more of the foreign invitees automatically advance to the final, the North American-based horse with the highest seasonal money earnings in that year, as determined below, may likewise automatically advance to the final.

b.) From the other declared horses, those with the least total earnings in the period from January 1 of that year up to time of declaration, will be selected to race in a single elimination field with no more starters than can score in a single tier with no trailers. Money earnings for races outside the U.S. will be calculated at the exchange rate for U.S. dollars as determined by the U.S.T.A.

c.) The remaining declared horses, if any (*i.e.* those with the higher money earnings that cannot be accommodated in the front tier of the elimination field), may elect to automatically advance to the Final ("receive a bye"). If any of the higher money earners, as determined above, elect instead to race in the elimination, other declared horses, in preference of the greatest earnings, may be selected to automatically advance to the Final. If no horses elect to advance to the final, that elimination will be conducted with trailers.

d.) The best finishers in the single elimination plus those that have automatically been advanced to the Final will make up the field for the Final with no trailing horses in the second tier.

Two or More Eliminations: If the number of horses declared into any race is such that, if divided at the time of the draw the fields would provide at least seven (7) horses in each of the eliminations, then that race will be split into two or more eliminations with no trailers.

Elimination Winners Selects Posts: If the eliminations are contested in the week prior to the Final, post positions in the Final will be determined by an open draw with the exception that the elimination winners, in an order determined by lot, may choose their post position for the Final. The trainer of each winner must select the post position by a time specified by the Society, or that elimination winner will placed in the open draw with the rest of the Final field. If eliminations are contested on the same day as the Final, all post positions for the Final will be earned as specified in U.S.T.A. Rule 13, section 3, subsection 1.

Also Eligibles: In addition, two horses will be selected from those in the eliminations that do not qualify for the Final to be designated "Also Eligible" ("AE") for each Final. The preference to determine which is the first "Also Eligible" ("AE1") shall be determined by taking the horse that placed highest in the official order of finish of all elimination divisions, but did not qualify for the Final; in the event horses are equal in the finish position, final preference will be determined by the highest money earnings in that year. The other horse will be the second "Also Eligible" ("AE2").

Replacing Scratched Horses: Scratched horses in the Final will be replaced in the following manner: a.) If post positions have not been drawn the AE horse will take its place in the normal draw; b.) If post positions have already been drawn, the AE horse will assume the position on the outside of the remaining starters in the front tier of the starting gate, in the order determined in the above paragraph. The AE2 horse, if drawn in by a second scratched horse, will start outside the AE1 horse. No horse will be moved into the Final as a replacement after the official "scratch time" deadline for publication of the official program, unless the "also eligible" horse(s) have been published in the official program in accordance with racing commission rules.

Breaking Ties or Deadbeats in the Eliminations: Should two or more horses tie for the final position(s) by virtue of their finish in the elimination(s) above, such tied horses shall be eliminated from the Final by giving preference to the horse(s) with the highest earnings in that year, as compiled by the U.S.T.A. and including the elimination earnings. In the event of a dead heat for the last position(s) in one or more of the eliminations to qualify or advance to the Final, a horse in another elimination finishing in the same position and not in a dead heat, regardless of earnings, would have preference over a horse finishing in a dead heat. (*i.e.* With two eliminations, a horse finishing fifth has preference over the two horses that were dead heated for fifth.) Finally, if tied horses have equal seasonal earnings, then the finalist(s) will be drawn by lot with each of the horses having trainer or representative present at that draw.

Accidents in the Eliminations: If, because of an accident in an elimination, an insufficient number of horses finish the heat and qualify for the Final, the remaining finalist(s) and "also eligible(s)" will be selected (in the preference of the highest earnings in that year as determined above) from the remaining non-offending horses in that elimination where the accident occurred.

Retention, Detention and Testing: All starters in the eliminations and the Final are subject to the policy of the Track as well as the Testing Procedure specified in these Conditions.

MONEY DIVISION: Purses for all races will be divided 50-25-12-8-5%.

DRIVERS AND TRAINERS FEES: The drivers and trainers fees may be disbursed in accordance with the policy of the Track at the time of the race.

TRANSFER: Any eligible horse that changes gait may be transferred at any time. Sustaining payments already made remain with the originally nominated race.

PROTESTS, INVESTIGATIONS AND/OR DISPUTES In the event of any protest, investigation or dispute with respect to the results of the Breeders Crown or any races related thereto, the Society may, if it is in possession of the purse, at its option deliver the purse, or the disputed portion thereof, to the Track which shall hold such purse in a segregated interest-bearing bank account, to be disbursed by the Track following the final binding and non-appealable determination of any such protest, investigation or dispute. Further, the Owner shall hold the Society and the Track, their officers, directors, members, employees and agents harmless from, against and in respect of any and all claims, actions, losses, damages, liabilities, judgment, costs and expenses (including, without limitation, reasonable attorneys' fees and disbursements) resulting from any such protest, investigation or dispute.

DISPUTES: In the case of any dispute as to the interpretation of these conditions, the decision of the Executive Committee of The Hambletonian Society, Inc. shall be final. All fees and payments in any race are accepted on the condition that all claims, objections and appeals arising out of the Breeders Crown races or with respect to any interpretation of any rules or conditions of the Breeders Crown races, or otherwise shall be decided by Executive Committee of the Hambletonian Society, Inc., which decision shall be final and not subject to appeal. Any appeal rights which the owner shall otherwise have are waived.

RULES: The Hambletonian Society reserves the right to add to, amend or delete the conditions of all or any part of the Breeders Crown program, without liability including but not limited to:

- a.) classes and divisions of races, eligibility of horses, fees and payments, and the amount of purses to be awarded to each race, elimination and final heat;
- b.) time and/or date of declarations and the time and/or date of the supplemental declarations;
- c.) dates and/or the location of any or all of the races including the date of the elimination heats;
- d.) other matters that the Society determines to be necessary and appropriate for the proper administration, promotion and implementation of the Breeders Crown program.

Unless otherwise specified and except as may be affected by a state or provincial racing Commission or Board, U.S.T.A. rules not in conflict with these conditions of Breeders Crown No. 22 to govern, as well as the Track rules and regulations. The conditions, and rules and regulations, shall be those in effect at the time of the race.
